

Report on School Health check-up Programme on 4- 6 of July 2017

Venue: Govt. H.S.S Mullarigadu

Date: 4th, 5th& 6th of July 2017

The department of Community Medicine conducted a school health check-up programme on 4th, 5th& 6th of July 2017 at Govt. H.S.S Mullarigadu at 10am-12.30 pm . The programme had major activities like health assessment of school students, to identify the health problems like malnutrition, defect in eyes and ears, dental carries, personal hygiene, and other health problems.

Day-1

LKG to 3rd standard students were examined on 04/07/2017

Day-2

4th to 7th standard students were examined on 05/07/2017

Day-3

Provide an awareness class about personal hygiene

The school students were consulted by Dr.Vivek S (Assistant Professor , Dept. of PSM) and Dr.Bablu Raphael (Assistant Professor , Dept. of PSM) and MBBS students were calculated their BMI by measuring height & weight .The health programme includes height measurement, weight measurement, hygiene, Ear, vision checkup etc.) and provide an awareness class about personal hygiene.

The School Health check-up Programme was planned and executed effectively by the efforts of MBBS students with the active participation of the school students at Govt. H.S.S Mullarigadu. It was a collective effort made by the students and teachers in the success of this event.
